Re.: **Letter of Reference**  
GZ 111-7-220.50 (please quote in all correspondence)

Berlin, 13 September 2010

Dear Mr. Przybylak,

The Federal Foreign Office in Berlin is pleased to confirm that the “secty lifePatron” advanced earthquake warning and security system has been installed in a number of premises abroad as part of a trial run.

These include:

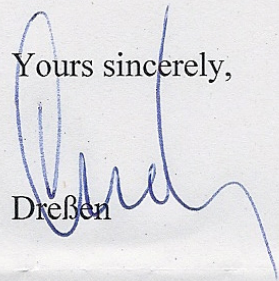

- The German Embassy in Lima
- The German Consulate-General in San Francisco
- The German Consulate-General in Almaty
- The German Institute in Taipei, Taiwan

The service contracted with secty electronics GmbH also included instructing and training the staff of our missions abroad. Additionally, all staff were trained in the procedures to be followed in the event of an earthquake. Furthermore, multiple test alarms were carried out.

The company secty electronics GmbH delivered the contracted services to our full satisfaction and in a timely and cost-effective manner. Our work with them was always constructive.

We recommend the services of secty electronics GmbH.

Yours sincerely,
