Facsimile

Dear Mr Przybylak, Dear Mr Peppas,

With pleasure we herewith certify that the earthquake early warning system secty lifePatron®, company Peppas Ltd. installed the system in our Hilton Hotel Athens, Greece, are working since installation in 03/03/2010 without any problems and without false alarms.

The system gave no alarm with micro seism (minor earthquakes) in the region and other vibrations, this is system-technically also desired as we know. Although we are very much appreciate the system staying calm in case of micro seism without danger of physical destruction.

All staff of the company has got respective instructions how to behave during an earthquake so with the combination of our current knowledge and your device the lives and health of the employees are protected to a most possible extent.

Congratulation for secty electronics GmbH for this innovation,

Yours sincerely,

A handwritten signature in black ink, appearing to read 'George Botis'.
